PROFESSIONAL SUMMARY

Frontend Lead with 10+ years of experience specializing in React.js, JavaScript (ES6+), and scalable frontend architecture. Proven ability to lead cross-functional teams, deliver high-performance web applications, and align technical execution with business goals. Strong background in Agile delivery, client engagement, and code quality for global enterprise clients.

PROFESSIONAL EXPERIENCE

Infogain India Pvt Ltd

DEC 2023 - PRESENT

Technology Lead

- Led a team of 6-7 engineers using Agile methodologies to deliver high-quality, iterative releases on schedule.
- Developed responsive, scalable, and modular UI components using React.js and JavaScript (ES6/ES7).
- Designed robust frontend architectures, improving application performance, scalability, and maintainability.
- Partnered with cross-functional teams to deliver cohesive, end-to-end web solutions.
- Planned and managed projects, ensuring on-time delivery, quality standards, and scope alignment.
- Collaborated directly with clients to gather requirements, address concerns, and ensure high satisfaction.
- Proactively identified and resolved technical bottlenecks, keeping projects on track.
- Enforced Git-based version control and clean coding practices across the team.
- Created and maintained due-diligence checklists to streamline project execution.
- Defined and monitored KRAs to align team outcomes with organizational goals.
- Maintained clear and structured project documentation to support knowledge sharing.
- Delivered successful solutions for global enterprise clients, including Hyundai, NCR, and Microsoft.

I-Exceed Technology

JUN 2022 - APRIL 2023

Technical Lead

- Led a 4-member engineering team following Agile practices to deliver consistent, high-quality incremental releases.
- Built responsive web applications using JavaScript, React.js, Parcel, and Tailwind CSS.
- Worked closely with UX designers, project managers, and backend developers to ensure smooth and efficient project delivery.

CERTIFICATION

- **Namaste React Live Course** – Built Food Villa App using Swiggy's public API (React, Redux, Context API, Parcel, React Fiber)
- **Learning ECMAScript – The Next Generation Of Javascript**

TRAININGS & KNOWLEDGE SHARING

- Delivered week-long training sessions on:
 - 1.HTML, CSS, JavaScript
 - 2.Semantic UI
- Mentored team members and reviewed assignments for quality improvement

AWARDS

 Team & Spot Excellence Award

- Coordinated with external stakeholders to gather requirements and address product-related queries.
- Translated UX designs into user-friendly interfaces with a strong focus on usability, accessibility, and performance optimization.
- Identified and resolved technical issues to ensure application stability and quality.

Torry Harris Integration Solutions

JUN 2015 – MAY 2022

Senior Software Engineer

- Led a team of 8 engineers to deliver end-to-end, high-performance, large-scale web applications.
- Enhanced overall user experience by optimizing UI components using Semantic UI and CSS.
- Partnered with UX, content, compliance, QA, release, delivery, and backend teams to ensure consistent, high-quality releases.
- Translated business and client requirements into scalable solutions using JavaScript and ECMAScript.
- Managed user journeys and tracked development tasks using Jira.
- Supported multiple initiatives as a shared resource across projects.
- Maintained version control and contributed code changes through Git repositories.
- Followed structured sprint cycles and internal product release schedules.

Edot Solutions

MAR 2014 – MAY 2015

Associate Software Engineer

- Hands-on experience in all phases of project development with expertise in HTML, CSS, and JavaScript
